SECTION III – RISK

FACTORS

INTERNAL RISK FACTORS

BUSINESS RELATED RISKS

- 1. The approval for installation of Police Booth and Traffic Signal Post are issued by the Police Department, and the installation has to be completed within a time period of 1 month from the date of approval. If the installation is not completed within 1 month, the approval becomes invalid and no new approval is issued to a company which fails to complete the installation within the prescribed timeline.***

We believe that police booth advertisements draw significant attention of the target audience, on account of wide spread presence in diverse areas of a city. Owing to the efficacy of this advertisement segment, we have in the past significantly invested in advertisements through police booths at towns /cities of West Bengal, Guwahati and Shillong, thereby making it one of our main business verticals. We also install Traffic Signal Post. The approval for installation of Police Booth / Traffic Signal Post are issued by the Police Department with a condition precedent that the installation has to be completed within a timeline of 1 month from the date of approval. If the installation is not completed within the prescribed timeline, provided that the space for installation is made available for installation, the approval becomes invalid and a fresh approval is not issued to a company by the Police Department, which fails to complete the installation within the prescribed timeline. While, there have not been any instances in the past, wherein we have been failed to install the booths within the prescribed timeline, however we cannot assure you that we will be able install the same within the timeline in future. In the event we are unable to install the booth within the stipulated timeline, we will not be able to reimburse the cost incurred for fabrication and could severely impact our financial condition, results of operations and business operations.

- 12. There have been instances of delays in payment of statutory dues, i.e. GST by the Company. In case of any delay in payment of statutory due in future by our Company, the Regulatory Authorities may impose monetary penalties on us or take certain punitive actions against our Company in relation to the same which may have adverse impact on our business, financial condition and results of operations.***

In the past, there have been certain instances of delays in payment of statutory dues, i.e. GST, by the Company. The details of the delay caused in payment of statutory dues have been provided below:

In March 2020, the World Health Organization declared the COVID-19 outbreak a pandemic. In an attempt to contain the spread and impact of COVID-19, authorities throughout the world implemented measures such as travel bans and restrictions, quarantines, stay-at-home and shelter-in place orders, promotion of social distancing, and limitations on business activity.

The COVID-19 pandemic has had a profound impact on businesses worldwide, and Veritaas Advertising Limited has unfortunately not been immune to its effects. The unprecedented challenges posed by the pandemic, including prolonged lockdowns, disrupted operations, and reduced consumer demand, severely affected our financial stability and liquidity. During this period of uncertainty, our primary focus was on ensuring the continuity of our business activities and fulfilling contractual obligations to our clients and partners. Regrettably, the financial strain resulting from the pandemic necessitated difficult decisions regarding the allocation of resources.

While we recognize the significance of adhering to statutory payment schedules, the Company's foremost obligation was to ensure the continued viability of its business and protect the livelihoods of its employees. Nevertheless, our Company assured to fulfil all statutory obligations promptly. The Company had actively taken steps to ensure payments of all the statutory dues and address any outstanding dues and resolve the situation expediently.

Though the delays in GST payment occurred after the peak of the COVID-19 pandemic in 2020, the organization continued to grapple with the aftermath of the crisis. The financial constraints stemming from the economic slowdown and market volatility persisted well into 2021-22 and further periods, significantly affecting our liquidity and operational capacity. Consequently, the Company was compelled to navigate a prolonged period of fund crunch, which contributed to the delays in meeting our statutory obligations. Despite these challenges, the Company remains steadfast in its commitment to rectify the situation and ensure full compliance with all statutory requirements moving forward.

Also, sometimes these delays were also due to administrative and technical issues on the portal during these periods.

Our Company has already made provisions in the financials of the Company for such delay payments. It cannot be assured, that there will not be such instances in the future or our Company will not commit any further delays or defaults in relation to payment of statutory dues. The happening of such event may cause imposition of fine / penalty which may have adverse effect on the results of our operations and financial position.

13. There have been instances of delays in payment of statutory dues, i.e. EPF by the Company. In case of any delay in payment of statutory due in future by our Company, the Regulatory Authorities may impose monetary penalties on us or take certain punitive actions against our Company in relation to the same which may have adverse impact on our business, financial condition and results of operations.

In the past, there have been certain instances of delays in payment of statutory dues, i.e. EPF, by the Company. The details of the delay caused in payment of statutory dues have been provided below:

OBJECTS OF THE ISSUE

1. Funding the capital expenditure towards setting up of new Police Booths in West Bengal, Assam, Maharashtra and Delhi

Our Company is engaged in the business of offering 360-degree services in advertisement and marketing across multiple platforms. We provide high-end ecosystem and end-to-end advertising and marketing solutions platform for advertising media services consisting of Brand Strategy, Events, Outdoor (OOH) Media services which covers advertisement modes such as police booth hoardings, newspapers insertion, brochures, and display of outdoor hoardings. In order to become truly independent, we have set up a workshop at Dighirpar, Bonhoogly, Vill- Ramchandrapur, P.O.& P.S. Narendrapur, Kolkata 700103 (Near Gayatri Chetana Ashram), wherein we undertake printing of banner, brochure and other advertising and marketing materials including fabrication of police booths. Our consistent efforts and specialised services have helped us in achieving a mix of clientele spread across industries *inter alia*, automobile, hospitality, lifestyle, fashion, real estate, electronic, pharmaceutical, education, insurance and telecommunication industries. In addition to multiple industries, we offer our services across multiple geographies, as well. Our Company has a sales network in West Bengal, Assam, Delhi, Mumbai and Pune. We have our offices in Kolkata, Guwahati and Delhi.

We believe that police booth advertisements draw significant attention of the target audience, on account of wide spread presence in diverse areas of a city. Owing to the efficacy of this advertisement segment, we have in the past significantly invested in advertisements through police booths at towns /cities of West Bengal, Guwahati and Shillong, thereby making it one of our main business verticals. We fabricate the police booths at our cost and install the same at the traffic signals and we have exclusive right to use the booths for our advertisement business. The cost of the booths are recognised in our books as intangible assets. We also ensure maintenance of the booths at our expense. The right over the booths are available to us for a period of 3 years initially which is renewed at the interval of every three years. As of date of this Draft Red Herring Prospectus, there have not been any instances in the past, wherein we have been denied renewal of our right to use the booths. In order to supplement this segment of our Company, we are proposing to utilise a portion of the Net Proceeds towards fabrication of police booths which are proposed to be installed in West Bengal, Assam, Maharashtra and Delhi.

The police booths installation at the traffic signals is completely governed by the Police Department. Once we fabricate police booth and the same is ready for installation, we make an application to the Commissioner of Police of the respective location seeking permission for installation. The approval is issued by the Police Department location-wise with a timeline of 1 month for installation. The police department make the space available for installation. Here it is important to note that if the installation is not completed within 1 month, provided that the space for installation is made available for installation, the approval becomes invalid and no new approval is issued. The approval allows the installation as well as right to use the police booth for a period of 3 years for advertising business. The Police Department also does not issue any new approval to a company which has failed to complete the installation within the timeline after the space is made available for installation. Thus, the application for approval for installation of police booth is made once the fabrication is complete. The police department may also renew the right to use the booths for another period of 3 years. Till date, we have been successful in getting the renewal of our booths and none of our installed booths were refused to be renewed. Considering the limited financial resources, the process of approval and the stringent timeline of 1 month to complete the installation of police booth, we make application only when we have booths ready for installation. It is also to be noted that the police department does not enter into any contract or agreement in this regard except the approval issued for installation and right to use. We follow the below steps for installation of police booth:

1. Identify around ten locations for installation of police booths;
2. Start fabrication of police booth in our workshop;
3. Once we police booth is ready for installation, we make an application with police department seeking permission for installation at the proposed locations;
4. The police department after considering application issue the approval granting installation at proposed location; and
5. The installation at the permitted location is done within 1 month from the date of approval provided that the space is made available for installation by police department.

Further, our Company till January 31, 2024 has installed 135 police booths in the state of West Bengal, Guwahati and Shillong, the details of the same are as under.

* Delay in installation due to delay in providing space for installation by the police department at the proposed installation site.

The cost incurred for fabrication and installation of police booths are recognised as a capital expenditure and recorded in books as intangible assets as we get a right to use these booths for our advertising business for an initial period of 3 years. Our revenue from these booths comes over the said period of 3 years i.e. period of right to use. Accordingly, the said capital expenditure / intangible asset is written off in the books over the period of its right to use / revenue generating life. The expenses incurred for maintenance of the booths are charged to profit and loss statement as revenue expense.

Below is the list of police booths for which we have received approval and installation is pending due to delay from police department in making the space available for installation:

2. Funding the capital expenditure in Pole Kiosks for setting up of traffic signal point display in Kolkata, Mumbai and Pune Estimated Costs

In order to expand our product portfolio, our Company is proposing to invest in Pole Kiosks by setting of traffic signal point display. Pole Kiosks is the perfect way to change branding game and increase recall. They are expressive, and engaging and create a long-lasting impression on targeted customers. The accurately designed pole kiosk can fetch more customers than any other type of targeted marketing activities. We propose to install 10 pole kiosks in Kolkata, Mumbai and Pune.

The pole kiosk installation at the traffic signals is completely governed by the Police Department. Once pole kiosk (traffic signal point display) is ready for installation, we make an application to the Commissioner of Police of the respective location seeking permission for installation. The approval is issued by the Police Department location-wise with a timeline of 1 month for installation. The police department make the space available for installation. Here it is important to note that if the installation is not completed within 1 month, provided that the space for installation is made available for installation, the approval becomes invalid and no new approval is issued. The approval allows the installation as well as right to use the pole kiosk for a period of 3 years for advertising business. The Police Department also does not issue any new approval to a company which has failed to complete the installation in the past within the timeline after the space is made available for installation. Thus, the application for approval for installation is made once the fabrication is complete. The police department may also renew the right to use the pole kiosk for another period of 3 years. Till date, none of our installed pole kiosk were fallen due for renewal.

Considering the limited financial resources, the process of approval and the stringent timeline of 1 month to complete the installation of pole kiosk, we follow the below steps for installation of pole kiosk:

1. Identify two to three locations for installation of pole kiosk;
2. Place order for fabrication of pole kiosk with our vendor;
3. Once we receive confirmation from the vendor that pole kiosk is ready for installation, we make an application with police department seeking permission for installation at the proposed locations; and
4. The police department after considering application issue the approval granting installation at proposed location.

Estimated Costs

The total estimated cost for installation 10 pole kiosk in Kolkata, Mumbai and Pune is ₹ 60.00 lakhs which will entirely be funded through the proceeds of this Issue. The cost for installation 10 pole kiosk in Kolkata, Mumbai and Pune has been estimated by our management and is based on the quotations received from third party suppliers, which has been approved by our Board of Directors in their meeting dated February 14, 2024.

Our Company proposes to utilise ₹ 60.00 lakhs from the Net Proceeds for installation 10 pole kiosk in Kolkata, Mumbai and Pune. We have received a quotation dated January 25, 2024 from M/s. F.Y. Enterprises for pole kiosk and is yet to place order for the same. The detailed bifurcation of cost is as follows:

Description of work	Quotation Date	Amount (per pole kiosk)	Amount (₹ in lakhs)
Traffic Signal Aspect, Controller Set, Controller Box, Cable Wire, Controller Installation and Commissioning Charges	January 25, 2024	6.00	60.00
Total			60.00

[^] The prices of exclusive of applicable GST

Note: The amount included in the quotation may be subject to price revisions, basis, inter alia, prevailing market conditions, price of raw materials, increase in taxes/duties levied by governmental authorities. In case of an increase in quoted amount due to a price revision, our Company will bear the difference out of internal accruals.

Government and other Approvals

Our Company shall apply the following government and other approvals for setting up / installation of new police booth and traffic signal :

S. N o.	Particulars of Approval	Tentative Time Period of application
	Letter of approval from the Police Department for installation of Police Booths at traffic signals	<p>After police booth is ready for installation.</p> <p>The approval is issued by the Police Department location-wise with a timeline of 30 days for installation. If the installation is not completed within 30 days, the approval becomes invalid and no new approval is issued to a company which fails to complete the installation within the timeline.</p> <p>The application for approval for installation of police booth is made once the fabrication is complete.</p>
	Letter of approval for Pole Kiosk for installation of Traffic Signal Post	<p>After Traffic Signal Post is ready for installation.</p> <p>The approval is issued by the Police Department location-wise with a timeline of 30 days for installation. If the installation is not completed within 30 days, the approval becomes invalid and no new approval is issued to a company which fails to complete the installation within the timeline.</p> <p>The application for approval for installation of Traffic Signal Post is made once the fabrication is complete.</p>

Considering the limited financial resources, the process of approval, the stringent timeline of 1 month to complete the installation and risk of debarment, we follow the below steps to mitigate the risk associated with installation of police booth / Traffic Signal Post:

1. Identify locations for installation of police booths/ Traffic Signal Post;
2. Undertake fabrication of police booth at our work shop and placing of order with vendor for Traffic Signal Post;
3. Once police booths are ready for installation, we make application with police department seeking permission for installation at the proposed locations only for such nos. of police booths / Traffic Signal Post which are ready for installation;
4. The police department after considering application, issue the approval granting installation at proposed location; and

5. The installation at the permitted location is done within 1 month from the date of approval upon the space is made available for installation by police department.

Our Company does not require any other approval / licenses for installation of police booth and traffic signal post from any government or regulatory authority except Police Department. Police Department is the sole approving authority for installation of police booth and traffic signal post in the proposed locations, i.e. West Bengal, Assam, Maharashtra and Delhi.
